## Educaion

**JSPM's Rajarshi Shahu College of Engineering,Pune,Maharasthra**

Bachelor of Technology in Information Technology          Dec 2021 - Aug 2025

- CGPA: 9.30/10
- 12th Percentage: 93/100
- 10th Percentage: 92.6/100

## PROJECT's

**GymHub**
- Developed a responsive gym website called "GymHub" using HTML, CSS, and JavaScript.
- Created interactive features such as navigation menus, a contact form for inquiries, and dynamic content sections.
- Managed project versioning and code hosting using GitHub for seamless integration and version control.
- Ensured cross-browser compatibility and mobile responsiveness for optimal user experience across various devices.

**Dynamic Portfolio Website**
- Crafted a bespoke portfolio website leveraging HTML, CSS, and JavaScript to present a curated collection of skills and projects in a visually engaging manner.
- Engineered a fluid and adaptable user interface using responsive design methodologies, ensuring seamless accessibility across various devices and screen sizes.
- Employed advanced CSS techniques such as media queries and flexbox/grid layouts to dynamically adjust the layout.

**Movie Management System**
- Designed and implemented a Movie Management System using C++ to efficiently organize and manage movie information.
- I used C++ functionalities such as file handling, user input validation, and random number generation for enhanced system reliability and performance.
- In this project users will be able to select movie timings, purchase tickets, and receive booking confirmations seamlessly.
